

ACME CORP — SHIPPING & DELIVERY POLICY

Effective Date: January 1, 2026 | Document Version: 2.1

SECTION 1: SHIPPING METHODS AND TIMELINES

Acme Corp offers three shipping tiers: Standard (5-7 business days, free on orders over \$50), Express (2-3 business days, flat \$9.99 fee), and Overnight (next business day, flat \$24.99 fee, order must be placed before 2 PM local time). Orders placed on weekends or holidays begin processing on the next business day.

SECTION 2: ORDER TRACKING

Once an order ships, customers receive a tracking number by email within 24 hours. Tracking information may take up to 12 hours to become active in the carrier's system after the email is sent. Customers can also view tracking status by logging into their account and navigating to Order History.

SECTION 3: LOST OR DELAYED PACKAGES

If a package shows no tracking movement for more than 5 business days, customers should contact support to open a carrier investigation. Acme Corp will issue a full replacement or refund for packages officially declared lost by the carrier, typically after a 10 business day investigation window. Delayed packages that are still in transit are not eligible for refunds solely due to delay, unless the delay exceeds 21 calendar days from the original ship date.

SECTION 4: INTERNATIONAL SHIPPING

International orders are shipped via a regional partner carrier and typically take 10-21 business days depending on destination and customs processing. Acme Corp is not responsible for delays caused by customs holds. International shipping costs are calculated at checkout based on destination, weight, and declared value.

SECTION 5: ADDRESS CHANGES

Shipping addresses can be changed free of charge only before an order enters the 'Processing' status. Once an order has shipped, Acme Corp cannot redirect it; customers must contact the carrier directly, and success is not guaranteed.
